

## Canacol Energy Ltd. Provides Gas Sales and Drilling Update

**CALGARY, ALBERTA - (May 6, 2021)** - Canacol Energy Ltd. ("Canacol" or the "Corporation") (TSX:CNE; OTCQX:CNNEF; BVC:CNEC) is pleased to provide the following information concerning its April 2021 natural gas sales and drilling program.

### **Gas sales averaged 166 MMscfpd for April 2021**

Realized contractual natural gas sales (which are gas produced, delivered, and paid for) were 166 million standard cubic feet per day ("MMscfpd") for April 2021.

### **Nelson 9 development well and Agua Vivas 1 exploration well**

The Nelson 9 development well encountered 52 feet true vertical depth of gas pay within the Porquero sandstone target, and will be tied in and on production by early May 2021. The Aguas Vivas 1 exploration well is expected to spud prior to Mid May 2021.

### **About Canacol**

*This press release contains certain forward-looking statements within the meaning of applicable securities law. Forward-looking statements are frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words, or statements that certain events or conditions "may" or "will" occur, including without limitation statements relating to estimated production rates from the Corporation's properties and intended work programs and associated timelines. Forward-looking statements are based on the opinions and estimates of management at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward-looking statements. The Corporation cannot assure that actual results will be consistent with these forward-looking statements. They are made as of the date hereof and are subject to change and the Corporation assumes no obligation to revise or update them to reflect new circumstances, except as required by law. Prospective investors should not place undue reliance on forward looking statements. These factors include the inherent risks involved in the exploration for and development of crude oil and natural gas properties, the uncertainties involved in interpreting drilling results and other geological and geophysical data, fluctuating energy prices, the possibility of cost overruns or unanticipated costs or delays and other uncertainties associated with the oil and gas industry. Other risk factors could include risks associated with negotiating with foreign governments as well as country risk associated with conducting international activities, and other factors, many of which are beyond the control of the Corporation.*

*Realized contractual gas sales is defined as gas produced and sold plus gas revenues received from nominated take or pay contracts.*
